

The Rucksack

Pack 274 - St Anthony of Padua Parish
Monthly Events Flyer - February 2010

The Blue and Gold began as an opportunity for father and son to come together and enjoy Scouting through fellowship and food. Songs, skits, and recognition were common themes. The Blue and Gold has evolved to include the entire family. Tradition with Pack 274 has included the crossing over ceremony into Boy Scouting as the highlight of the festivity. We also extend our invitation to fellow Scouters and members of the community whom we have helped or have in turn come to our assistance. So welcome all to our celebration of what Cub Scouting has to offer and celebrate the success of our Second Year Webelos.
